

Promotion of prevention of tuberculosis in February of 2021.

A. Regular Inmates

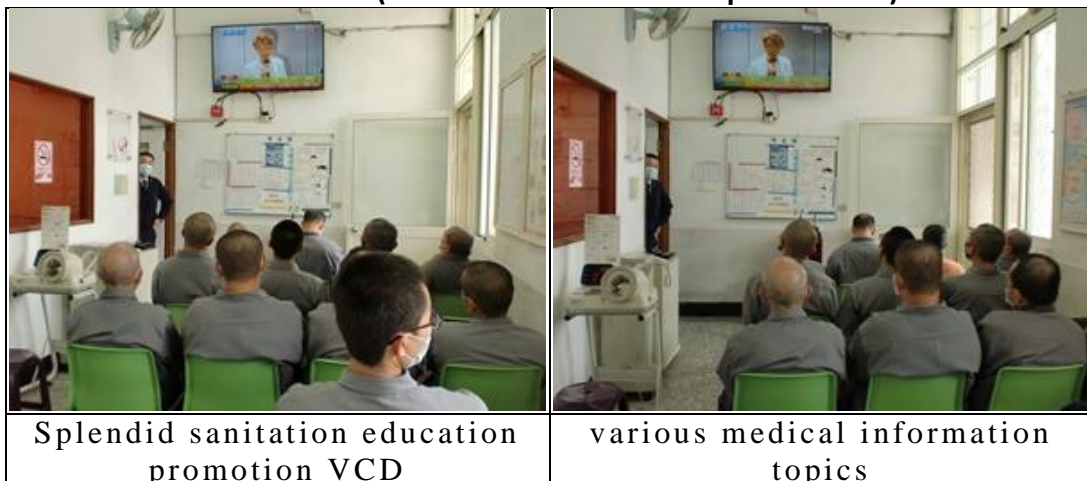

1. Invite professional lecturers every month in a regular cyclical format to sponsor tuberculosis prevention class in each factory and ward to instill the correct concept and knowledge about tuberculosis.

(1 time for a total of 13 person-time)

2. Video conference while waiting in clinic with materials of sanitation education promotion, or distributing sanitation education materials on tuberculosis to increase the knowledge and awareness in the inmates about the disease.

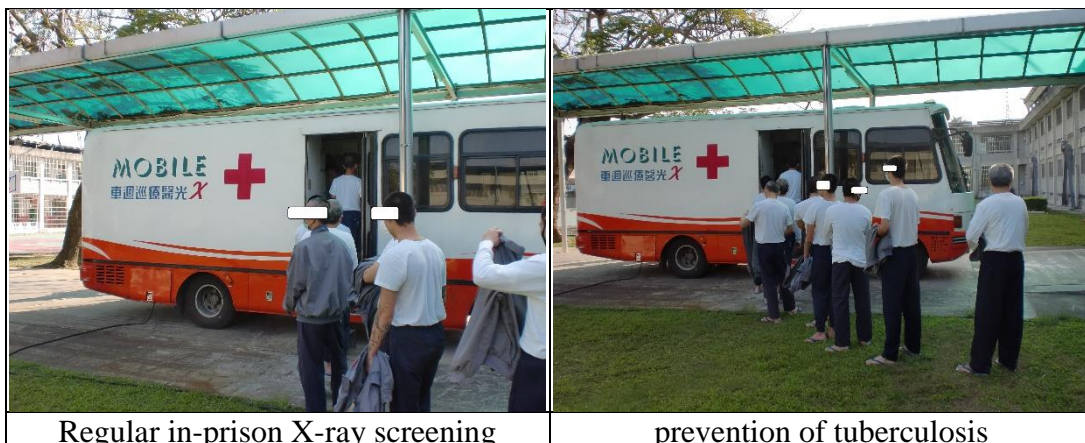

(4 times for a total of 134 person-time)

B. inmates

The outsourced qualified radiological institution comes in every month to do X-ray screening on the new inmates to prevent spread of tuberculosis in densely populated institution.

(1 time for a total of 57 person-time)

C. The infected

Arrange for NTU Hospital Yunlin Branch for in-prison clinic or out-of-prison review and treatment. Fortify personal sanitation education to gain knowledge of tuberculosis for the inmate in order to prevent the spread of epidemic.
